CHRONIC CONDITIONS
CENTER
OF SAN DIEGO

Welcome to Chronic Conditions Center! As you embark on your journey in our clinic, there are a few things we want you to know. First of all, we want to have a positive impact on the life of every patient that walks through our doors. Your new patient exam will begin this process to see if you are a candidate for care in our office. Here are our goals of doing an initial exam and consultation:

1. To do the appropriate testing on each patient in order to find the root cause of their condition. Each patient is treated as an individual.

2. To address your health challenges and return you to the most optimal state of health possible.

3. If accepted as a patient, to prevent future degeneration of your spine and health.

4. To enhance, extend, and add quality to your life.

Your New Patient Appointment is scheduled for:

_____AM / PM

For your initial exam, DO NOT forget the following:

- Wear or bring shorts (no metal zippers or buttons) and T-shirt
- All paper work filled out completely
- Any recent blood work (within the last year)
- Recent X-rays or MRI's

CHRONIC CONDITIONS
CENTER
OF SAN DIEGO

Before Agreeing to Treatment in Our Office
Please Review These Principles Outlined Below:

1. Dr. Reyes' goal is to provide you with corrective and supportive care for your health condition. We do not claim to cure any disease or medical diagnosis.

2. Your insurance company may reimburse some services in our office. Many may be considered to be experimental and or not covered. The only treatment that Medicare covers in a Chiropractic office is a spinal manipulation. Since most of our care plans for senior citizens do not include spinal manipulation, your Medicare coverage will not pay for care in our office. Nutritional support may be offered for your case. Nutritional supplements are offered to support the systems of the body and we do not claim for them to cure disease. Nutritional supplements are not covered by your insurance.

3. Our services are not a replacement for your medical treatment. We choose to work alongside your medical provider if necessary as this serves you in the most effective manner possible.

4. Dr. Reyes will never give advice on the use of your medications. Medications must be managed by your medical doctor. You must work with a medical doctor for the management of any medications you take now or in the future.

5. Just as no medication, medical procedure, or surgery can guarantee a cure or fix, neither can the use of Chiropractic, Functional Medicine or Functional Neurology. I completely understand that there are no guarantees of correction, relief, or cure, written, spoken or implied. I am choosing to pay for health care services that may or may not be reimbursed by insurance and services are non-refundable once rendered. I understand that this clinic does **NOT** claim to cure any medical diagnosis or condition.

6. I am making a sane and conscious decision to seek advice as per the above understood terms for either myself and/or my dependents. In doing so, I agree to the above terms and acknowledge this with my signature below.
